PRESS RELEASE

*For immediate release*

**DEVONIAN HEALTH GROUP INC. ANNOUNCES ITS PARTICIPATION AT  
VIRTUAL BIOPLUS INTERPHEX KOREA 2021 TO TAKE PLACE FROM  
AUGUST 31<sup>st</sup> TO SEPTEMBER 15, 2021**

QUEBEC, August 26, 2021 – Devonian Health Group Inc. (“Devonian” or the “Corporation”) (TSXv: GSD), a clinical stage botanical pharmaceutical corporation, focused on developing a unique portfolio of botanical pharmaceutical and cosmeceutical products announced today that the Company’s President and Chief Executive Officer, Dr. Andre P. Boulet, will be participating in Virtual BioPlus-Interphex Korea scheduled on August 31<sup>st</sup> to September 15, 2021.

We are pleased to participate in this world class conference that will allow us to share our recent developments and explore potential partnerships said Dr. Andre P. Boulet, President and Chief Executive Officer of Devonian.

**About the Conference**

The BIOPLUS-INTERPHEX KOREA 2021 is a Korean global Biotechnology event. The 2021 event includes: conferences, an exhibition that will showcase all value chains of the bio industry, and a partnership program.

In the context of the ongoing COVID-19 impacts, the organizer decided to cancel the face-to-face event. This is a non-contact Partnering program scheduled from Aug 31 to Sep 15, 2021

For more information visit <https://www.bioplusinterphex.co.kr>

**About Devonian**

Devonian Health Group Inc. is a late-stage botanical pharmaceutical corporation with novel therapeutic approaches to targeting unmet medical needs. Devonian's core strategy is to develop prescription botanical drugs for the treatment of inflammatory-autoimmune diseases including but not limited to ulcerative colitis and atopic dermatitis. Based on a foundation of over 15 years of research, Devonian’s focus is further supported by a US-FDA set of regulatory guidelines favouring a more efficient drug development pathway for prescription botanical drug products over those of traditional prescription medicines. Devonian’s flagship product, Thykamine™, the first pharmaceutical product issued from Devonian’s SUPREX™ platform, is a highly innovative product for the prevention and treatment of health conditions related to

inflammation and oxidative stress. The anti-inflammatory, anti-oxidative and immunomodulatory properties of Thykamine™ have been demonstrated by a considerable number of in vitro and in vivo studies as well as in a Phase IIa clinical study in patients with Mild-to-Moderate distal Ulcerative Colitis and in a large phase 2 clinical trial in adult patients with Mild-to-Moderate Atopic Dermatitis. The product is now ready to move into phase 3 clinical development.

Devonian is also involved in the development of high-value cosmeceutical products leveraging the same proprietary approach employed with their pharmaceutical offerings. Devonian Health Group Inc. was incorporated in 2015 and is headquartered in Québec, Canada where it owns a state-of-the-art extraction facility with full traceability ‘from the seed to the pill’. Acquired in 2018, Altius Healthcare Inc., its commercialization subsidiary, brings opportunities for further diversification and growth potential. Devonian is traded publicly on the TSX Venture Exchange (**TSXv:GSD**).

### **Forward Looking Statements**

This press release contains forward-looking statements about Devonian’s objectives, strategies and businesses that involve risks and uncertainties. These statements are “forward-looking” because they are based on our current expectations about the markets we operate in and on various estimates and assumptions. Actual events or results may differ materially from those anticipated in these forward-looking statements if known or unknown risks affect our business, or if our estimates or assumptions turn out to be inaccurate. Such risks and assumptions include, but are not limited to, Devonian’s ability to develop, manufacture, and successfully commercialize value-added pharmaceutical and cosmeceutical products, the availability of funds and resources to pursue R&D projects, the successful and timely completion of clinical studies, the ability of Devonian to take advantage of business opportunities in the pharmaceutical and cosmeceutical industries, uncertainties related to the regulatory process and general changes in economic conditions. You will find a more detailed assessment of the risks that could cause actual events or results to materially differ from our current expectations in Devonian’s prospectus dated April 21<sup>st</sup>, 2017 under the heading “Risk Factors” related to Devonian’s business. As a result, we cannot guarantee that any forward-looking statement will materialize. We assume no obligation to update any forward-looking statement even if new information becomes available, as a result of future events or for any other reason, unless required by applicable securities laws and regulations.

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*
