1. STATUTES OF INCORPORATION AND NATURE OF ACTIVITIES

The company. was incorporated under the Québec Business Corporations Act on March 27, 2015. On May 12, 2017, the Company was extended under the Canada Business Corporations Act.

Its main activity is the development of botanical drugs. It is also involved in the development of value-added products for dermo-cosmetics and the distribution of pharmaceutical products through its subsidiary. The Company has established a research focussed towards the anticipation of new solutions in the medical sector as well as in the cosmetic sector. The Company's head office is located at 360, rue des Entrepreneurs, Montmagny (Québec).

2. MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

These consolidated financial statements have been prepared on a going concern basis, which assumes that assets will be realized, and liabilities discharged in the normal course of business for the foreseeable future. Accordingly, these consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or on the discharge or classification of liabilities, should the Company be unable to continue its business in the normal course. The Company has incurred losses since its inception and anticipates that losses will continue for the foreseeable future. However, management believes that the business combination that occurred last year will enable the Company to generate the necessary sales volume to enable it to continue its operations. The Company's liquidities are limited considering its ongoing projects. Consequently, the Company's ability to continue as a going concern depends also on its ability to source from its pharmaceutical suppliers, its ability to distribute its products while generating positive cash flows and to obtain, in a timely matter, further financing to complete research and development projects, and to market its developed products, as to which no assurance can be given.

Further financing will continue to be required since it is impossible to estimate when the Company will achieve profitability. Management continues to negotiate further financing and different agreements that could create positive cash flows. The success of these negotiations is contingent on many factors outside Company's control and its ability to successfully complete such financings and agreements is tinged with material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern

These consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations. Such adjustments could be material.

3. SIGNIFICANT ACCOUNTING POLICIES

Declaration of compliance

These unaudited interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting*. As a result, certain information and notes normally included in annual financial statements prepared in accordance with IFRS have been omitted or summarized. These interim financial statements should be read in conjunction with the audited annual consolidated financial statements for the year ended July 31, 2020

These financial statements were approved by the Board of Directors on December 21, 2020.

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of measurement

The financial statements have been prepared on the historical cost basis.

Functional and presentation currency

These interim consolidated financial statements are presented in Canadian dollars, which is the Company's functional currency.

Consolidation

Subsidiary

These consolidated financial statements include the accounts of the Company and the accounts of its subsidiary, Altius Healthcare Inc. since February 1, 2018. Intercompany balances, income, expenses and cash flows are fully eliminated upon consolidation. When necessary, adjustments are made to the subsidiary's financial statements to align its accounting policies with those of the Company.

Significant accounting policies

The condensed consolidated interim financial statements have been prepared in accordance with the significant accounting policies as described in the Company's consolidated financial statements for the year ended July 31, 2020. The annual consolidated financial statements are available on SEDAR at www.sedar.com. These methods have been applied throughout the periods presented except as the following elements:

Use of estimates and judgments

The preparation of financial statements in compliance with IFRS requires management to use judgment and make estimates and assumptions that affect the application of accounting policies and the carrying value of assets, liabilities, revenues and expenses. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized in the period in which the estimates are revised and in any future periods affected by these revisions. The Company's significant comparable judgments and estimates are presented in the consolidated financial statements for the year ended July 31, 2020 and remain unchanged.

9. INTANGIBLE ASSETS AND GOODWILL

Licenses, trademarks, and distribution rights

The licenses, trademarks and distribution rights valued in the statements of financial position are: Pantoprazole, Cléo-35 and PurGenesis.

Impairment test

Goodwill arising from the business combination is allocated to groups of cash-generating units (CGU) likely to benefit from the business combination.

For the goodwill, there is one CGU and the assessment was performed by comparing the Company's net assets to the market capitalization as at July 31, 2020, which is considered a Level 1 measurement. Since the market capitalization of the Company is higher than its net assets, no impairment has been recognized.

^{*}In the event of a change of control by acquisition or dilution at 50%, the principal and the interest payable until maturity of the term are payable within 30 days of the date of the change of control.

12. CONVERTIBLE DEBENTURES

The principal amount of the debentures (\$1,697,000 as at October 31, 2020 and July 31,2020) will be convertible into units of the Company at a price of \$0.75 per unit and mature in July and August 2022. Each unit consists of one subordinate voting share in the capital of the Company and one subordinate voting share purchase warrant. Each warrant will entitle the holder to acquire one subordinate voting share in the capital of the Company at a price of \$0.95 until 48 months after the closing date. Interest on the convertible debentures is payable in units semi-annually based on an annual rate of 10%. Each unit will comprise one common share and one share purchase warrant having a four-year contractual life. The number of units to be issued will be calculated as follows according to the situation:

- If the subordinate voting shares comprised in the units are not subject to resale restrictions by a recognized stock exchange immediately following the issuance, the five-day average of the VWAP (volume-weighted average share price) immediately prior to the interest payment date will be applicable and will be used to settle the 10% interest. The exercise price of the warrants included in the units will be equal to the one obtained for the price of the shares used to settle the interest plus 30%.
- If the subordinate voting shares are subject to resale restrictions after they are issued, 90% of the five-day average of the VWAP immediately prior to the interest payment date will be applicable and the exercise price of the warrants will be equal to the one obtained for the price of the shares based on the conversion rate of interest plus 30%.

In its sole discretion, the Company may prepay any portion of the principal amount of the debentures with accrued and unpaid interest.

Convertible debentures are compound financial instruments within the meaning of IAS 32 and have a liability component and an embedded derivative component. The derivative is measured at fair value through profit or loss, and its fair value must be measured at each statement of financial position date. Subsequent changes in fair value are recognized in the consolidated statement of net loss and comprehensive loss. The change in fair value is included in finance costs (note 18).

The fair market value of the debentures was established according to the discounted cash flow method, and using the following average assumptions:

13. SHARE CAPITAL

Description of authorized share capital

An unlimited number of subordinate voting shares, exchangeable subordinate voting shares and multiple voting shares, participating, without par value, non-cumulative dividend.

The subordinate voting shares, exchangeable subordinate voting shares and multiple voting shares are handled as if they were of one and the same category.

The holders of subordinate voting shares and exchangeable subordinate voting shares are entitled to receive notice, and to attend and vote at all meetings of the shareholders, except those at which holders of a specific class are entitled to vote separately as a class under the CBCA. Each subordinate voting share and each exchangeable subordinate voting share confers the right to one vote per share.

The holders of multiple voting shares are entitled to receive notice and to attend and vote, at all meetings of the shareholders, except those at which holders of a specific class are entitled to vote separately as a class under the CBCA. Each multiple voting share confers the right to six votes per share. Each multiple voting share may, at any time, be exchanged for one subordinate voting share. In May 2027, ten years after the Qualifying Transaction, the authorized holder, without any further action, shall automatically be deemed to have exercised their right to exchange all of the multiple voting shares held by such holder, into fully paid and non-assessable subordinate voting shares of the Company, on a share for share basis.

82,758,354 shares issued (July 31, 2020 – 82,522,540)	\$	19,057,044	\$ 19,021,908

The 82,758,354 outstanding shares as at October 31, 2020 are classified into 62,791,831 subordinate voting shares and 19,966,523 multiple voting shares (July 31, 2020- 82,522,540 outstanding shares are classified into 62,556,017 subordinate voting shares and 19,966,523 multiple voting shares). Among the 62,791,831 subordinate voting shares, 8,403,361 shares were voluntarily escrowed and will be released on February 1, 2021.

<u>Issuance</u>

On October 19, 2020, the Company issued 33,832 shares at a unit price of \$ 0.149 and 201,982 units at a unit price of \$ 0.149, in exchange for the \$ 35,136 interest it owed in August 2020, to the holders of the debentures issued in August 2018. Each unit consists of one subordinate voting share and one warrant. Each warrant grants its holder the right to subscribe to one subordinate voting share of the share capital of the Company at a price of \$ 0.194 for a period of 48 months.

The fair value of the 235,814 shares and the 201,982 warrants has been estimated at \$35,136 and \$20,274 respectively, based on the Black & Scholes valuation model and using the following assumptions:

Risk-free interest rate 1%
Average expected life 2.5 year
Expected volatility 85%
Share price \$0.155
Expected dividends Nil

14. STOCK OPTIONS PLAN

Stock options

Under the stock option plan put in place in May 2017, the members of the Board of Directors can attribute stock options allowing the directors, executives, employees, and consultants of the Company to acquire shares of the Company. The maximum number of options that can be granted according to the stock option plan is equal to a maximum of 10% of the outstanding subordinate voting shares.

The options to be granted according to the stock option plan will not exceed a duration of ten years and will be granted at the price and conditions that the directors will consider necessary to reach the goal of the stock option plan, and according to the applicable regulations. The exercise price of the option cannot be lower than the market price.
